HANCOCK never was defeated, and cannot be.

MONTANA has as yet only ten miles of railroad.

Hurrah for Crittenden, Phillips, Edwards, and A. E. Fulkerston.

SAN FRANCISCO has newspapers in ten different languages including the Chinese.

For the first time in twenty years Pike's Peak was clear of snow a little while last month.

The Greenback vote in Ohio, Indiana and West Virginia have dwindled down to almost nothing to what it was two years ago.

No. 2 red wheat closed yesterday at \$1.03 3/4 cash, \$1.03 1/2 bid October, \$1.05 1/4 November, 1 07 1/4 December, 1 05 January. Corn closed at 39 1/2; cash, 9 37 1/2 to 40; November. Oats closed at 29 1/2 cash, 30 bid November, 31 1/4 December. Flour was higher at \$5.10 to \$5.25 for choice and \$4.85 to \$5.05 for family. Pork sold at \$15.75, and lard at 8c.—St. Louis Times 16

We can elect Hancock without Indiana. It is conceded that the Southern States will give him 138, New York will give 55, New Jersey 9, Maine with its fusion ticket will add 3, making 185, which elects. To this we may fairly add for Connecticut 6 with a chance for California 6, Oregon 3 and Nevada 3, making 18 more than is necessary, so there is no reason why the Democrats should be the least discouraged about the final result. "Let the fight go on." Let there be no halting or hesitating till their last vote is polled on the second of November next. Faint hearts never won a great battle.

Communitistic.

The following is the celebrated communitistic plank in the Greenback platform, about which so much is said;

Resolved, That land, light, air and water are the free gifts of Nature to all mankind and say law or custom of society to monopolize more of these gifts than he has a right to, to the detriment of the rights of others, we earnestly condemn and seek to abolish.

So, farmers, your lands—the farms upon which you have spent so much labor—should be thrown into one common mass, and enjoyed equally by all; by the street-corner loafer as well as yourself, just as light, air and water are. How do you like it, farmers?—Rustic-Leader.

Our friends and patrons will excuse us this week for brevity. There are but few days till the election campaign will be ended, to discharge our duty as a public journalist and espouse the cause in defence of our Republic and Democratic friends and the good people of Miller county at the several mass meetings; against the insidious encroachments and heresies of plotters; we are necessitated to enter the canvass and meet the hydra-headed monster at every point. The State right dogma, Greenback heresy, twin brother and sister are moving in a common channel to effect the same objects to aid monopolies and corporations and oppress the laboring class of people.

The Osaage Valley Banner will, as long as we stand to the helm, do battle against plotters and canivers, they may have the semblance of rottenness in their closed door "consultation."

Butler Mo.

Oct. 14, 1880.

Editor BANNER—I have been looking over the broad prairies of the western border of State for several days. My eyes have been feasting on the beautiful productions of mother earth. Horses, mules, cattle and hogs the principle stock of the farmer.

I am perfectly astonished to find so much corn put into the shock, and to find but few timothy meadows.

If Bates and adjoining counties prove to be as productive of tame grass as they are of corn, they will soon eclipse the Blue grass regions of Kentucky.

J. Gould's new R. R. connecting Pleasant Hill and Rich Hill passes Butler. The trains are already thundering by here day and night trying to complete the road to the great coal banks at Rich Hill in a few days. Rich Hill is about 16 miles S. W. of Butler. It is said that its coal beds are inexhaustible. I find all our western towns full of life and business, and all their wagon tires smooth on the face. In haste.

W. M. LUMPKIN.

INDIANA.

INDIANAPOLIS, October 14.—Returns from eighty five counties give a net Republican majority on the State ticket of 6,899.

OHIO.

Ten Republicans and one Democrat elected to Congress from Ohio.

If "14" Square toed democratic, executive Committeemen, can hood-wink; bam-boozle and honey-fugle the solid people of Miller Co; It will astonish the time of McBeth.

Hog cholera is now prevailing in Bates Co. The state grange encampment opened at Rolla 19th inst.

Democratic Convention.

Last Thursday according to call of Democratic executive committee; delegates from the several townships in Miller county assembled at the Court House for the purpose of nominating a ticket for the several County offices: There appeared forty four square toed and eight conservative round toed democrats. They first assembled in the Grand Jury room with locked doors for "consultation," yes; "consultation," as they done two years ago in the school house, with locked doors, and closed windows for "consultation." After "consultation" they repaired to the court room; nominated J. J. Pittsford for chairman and Phil F. Hansenstein secretary. They appointed one from each township on credentials as follows: Palmer, Snelton, Thompson, McGee, Livingston, Barton and Gray. The committee retired for a few moments and reported all delegates were correct in every particular.

Motion to appoint committee on order of business. The chair appointed, Johnston, Smith, Martin, Toppie, Porter, Piles, and Shockly; who reported order of business to be 1st nomination of Representative; 2nd Sheriff and Collector; 3rd Assessor; 4th Surveyor; 5th Co. Court Judge 1st Dist; 6th Co. Court Judge 2nd Dist.

James Johnston was nominated for Representative;

P. S. Miller for Shff. and Collector;

Wm. L. Shelton for Judge 1st Dist.

Thos. Thompson, Judge 2nd Dist.
